STATISTICAL STORY OF NEWARK, N. J.

LOCATION

Latitude, 40° 41'; Longitude, 74° 10' west from Greenwich. Three miles above Newark Bay; eight miles west from New York. Area 23.40 square miles, of which 6.5 square miles are tide water lands. Five hundred acres have been reclaimed by the City on which wharves, docks and railway terminals are being developed for factory and warehousing uses.

WATERFRONT

Wharf frontage on Newark Bay and Passaic River, 10½ miles, channel 300 feet, depth at mean low water 20 feet, at high water 25 feet. Tonnage of freights annually, 2,897,123. Estimated value \$147,895,000.

RAILROADS

Pennsylvania, Lackawanna, Erie, Lehigh Valley and (Reading) N. J. Central. Passenger depots 15. Passenger trains daily 900. Freight delivery yards 22. Freight trains daily 61. Cars of merchandise freight annually 498-251. Railway tonnage delivered 6,538,526. Shipped annually 1,512,752.

NEWARK is within hauling distance by wagon to the piers and docks of New York.

More people get on and off trains in Newark than any other city in the United States not a terminal point.

ELECTRIC RAILROADS

Hudson and Manhattan tubes, 18 minutes to New York. Electric trolley lines to suburban points, 26; cars operated, 737; trips daily 3,858. Passenger movement, 1918, 18,830,413. Trains daily to and from New York, 260.

MINUTES OF MEETINGS
OF THE
Board of Commissioners

March 1922

NEWARK, N. J.,

March 7, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of February 28th, were read and approved.

The report of the Commissioners of Assessments for Local Improvements assessing benefits for the opening of Hobson Street, 50 feet wide from Shaw Avenue about 100.43 feet southwesterly to a property line, was received and ordered filed.

Mayor Breidenbach:—Is there any citizen desiring to be heard by the Board on any matter?

Mr. J. Henry Bachellor, representing the Board of Trustees of the Free Public Library: Some months ago when the Library Trustees were before your Board, we mentioned as one of the important parts of expansion of the Library was the addition to the present main building. The addition we have planned will cost about \$125,000, and I am here today to ask you to authorize a bond issue for this amount so that we may carry out that plan.

Commissioner Raymond moved that the Board authorize a bond issue of \$125,000 for the proposed addition to the Public Library.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Bachellor also stated the Library Trustees were finding difficulty

in locating suitable property in the Ironbound District for the erection of a Branch Library and requested that the Board turn over to the Library Trustees the plot adjoining the old Third Precinct.

Commissioner Brennan moved that the request of the Library Trustees for the old Third Precinct property be referred to the Director of Parks and Public Property.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Dr. William G. Hanrahan, 36-A Fulton Street, appeared before the Board and protested against the confirmation of the assessment for the repaving of Fulton Street.

Commissioner Raymond stated that the report assessing benefits for the repaving of Fulton Street was confirmed through error and that he would move to reconsider the action taken last week and lay it over for two weeks.

Commissioner Raymond moved that the vote by which the report of the Commissioners of Assessments for Local Improvements assessing benefits for the repaving of Fulton Street, from Broad Street to Ogden Street, which was confirmed at the last meeting, be reconsidered.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond moved that the report of the Commissioners of Assessments for Local Improvements on the repaving of Fulton Street be laid over two weeks, and that the Director of Revenue and Finance be directed to notify the property owners effected by the repaving of Fulton Street to the effect that the bills sent out for the repaving of Fulton Street are not payable as the assessment has not yet been confirmed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Jacob C. Taylor, 343 South 9th Street, representing the Trades Union Anti-Tuberculosis Association, presented the following resolution and stated his Association were waging a campaign to wipe out the white plague in this community and that they were endeavoring to procure a sanatorium and urged the endorsement of the Board in this campaign.

The clerk then read the resolution as follows:

WHEREAS, The Trades Union Anti-Tuberculosis Association of this City during their ten years existence have demonstrated their worth to the community, and

WHEREAS, They have done efficient work in taking care of Tubercular men, women and children, and,

WHEREAS, They have proven beyond any doubt that their work among children who are either enemic or tubercular by giving them long outings in the country during the summer months and bringing them back to health, is a benefit to our City and the public health, and,

WHEREAS, The Association is desirous to secure a country home to extend their activities along prevention lines as well as to treat more successfully their afflicted member, and,

WHEREAS, They now are making a campaign among their own members and friends for funds to enable them to secure a country home where they can extend their work to a more successful termination,

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, N. J., in regular session assembled this seventh day of March, 1922, that we endorse the work of the Trade Union Anti-Tuberculosis Association and that we compliment their officers and members in their untiring efforts in making our City a better place to live in, and,

RESOLVED, That we further endorse their efforts to secure a country home for the care and treatment of their sick, and,

RESOLVED, That we recommend their work to all citizens and that we urge upon them to assist the Trades Union Anti-Tuberculosis Association to secure their country home, and

BE IT FURTHER RESOLVED, That a copy of this preamble and resolution be made a part of our official minutes of this date and that a copy be ordered sent to the Association.

W. J. Brennan,
John Howe,
Charles P. Gillen,
F. C. Breidenbach,
Thomas L. Raymond.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Taylor also brought to the attention of the Board the campaign his Association was waging against the house fly, particularly in the congested districts of the First and Third Ward and stated an educational campaign was to be conducted in the Public Schools and that his organization was prepared to offer their support and co-operation in an effort to rid the city of flies.

Commissioner Gillen moved that the offer of support outlined by Mr. Taylor be referred to Mayor Breidenbach and Commissioner Raymond.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following ordinance which was read by the Clerk:

An ordinance to provide for the repaving of Clay Street from Broad Street to the Passaic River with new oblong granite block pavement on a built up foundation between Broad Street and Ogden Street and on a new six (6) inch concrete foundation between Ogden Street and the Passaic River.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Clay Street from Broad Street to the Passaic River shall be repaved with new oblong granite block pavement on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks, the part from Broad Street to Ogden Street to the Passaic River to be on a new (6) inch concrete foundation. The old paving blocks to be carted to the City Yard; with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan,

Gillen, Howe, Raymond, Mayor Breidenbach.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Newark, N. J., March 14, 1922.

Mr. Edward J. Macksey,
City Hall,

Newark, N. J.

Dear Mr. Macksey:—

Replying to your inquiry of a recent date, as to the disposition to be

made of disabled War Veterans now patients at the Fox Hills Hospital, Staten Island, N. Y., kindly be advised that Col. Forbes, the Director of the Veterans' Bureau, is giving the matter of these transfers his personal attention, and I am informed by the public press that he is now in New York supervising this work.

Last week telegrams were dispatched to the St. Barnabas Hospital, the St. James Hospital, and the City Hospital of Newark, requesting them to advise the number of such patients that they, with their present facilities could accommodate. I am informed that each hospital replied as to the number of patients which could be taken care of in their particular hospital, and I have no question or doubt but that these facilities will be utilized. I am informed that no patient whose condition is such that travel might jeopardize their health or lives, will be moved from the Fox Hills Hospital. I am further advised that in the case of tuberculosis patients, many of those whose condition is such that a change in climate will affect a cure, will be given an opportunity to select any one of certain Government Institutions in the West. I am absolutely certain that every effort will be made to comply with the desires of the individual patients, insofar as this action is possible, taking into consideration the patient's condition, as well as the available facilities for handling his particular kind of a case.

If further information is desired, I would suggest that you communicate with Major Henry G. Opdycke, District Manager, U. S. Veterans' Bureau, 23 West 43rd Street, New York,

N. Y. Major Opdycke can be gotten on the telephone.

By authority of the District Manager.

Respectfully,

Thomas J. McEvoy,
Sub-District Manager.

Commissioner Raymond moved that this matter be referred to the Director of Parks and Public Property.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. R. W. Loepsinger, 889 Broad Street: I and this delegation represent the ex-service men of this city who ask recognition in filling the vacancy of police court magistrate to be caused by the resignation of Judge D'Aloia. The ex-service men have in mind a man well qualified to fill this position, Captain Peter Stone. He has been a member of the bar for the last 12 years, and while in service, aside from leading his company in active battle, has also acted as advocate of the 29th Division in France and Belgium. In conclusion, the ex-service men feel that they not only have selected an able one to fill this position, but also in selecting him you will be giving the ex-soldier the recognition that is due him.

Mayor Breidenbach: I might say there is no vacancy which exists at the present time. Judge D'Aloia has

not resigned as yet. We are glad to have you come here and speak in behalf of Captain Stone.

The following petition was received and read:

We, the undersigned, owners of property fronting on Stockton Street, between Wilson Avenue and Delancy Street, in the City of Newark, Essex County, New Jersey, do hereby protest and remonstrate against the paving of the above street for the reason that the present cost of paving is excessive and said paving should be deferred to a later date.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach .

RESOLVED, That it is the intention of the Board of Commissioners of the City of Newark, N. J., under and by virtue of the provisions of an Act entitled, "An act concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto, and amendments thereof, to order and cause the paving of Aldine Street from Clinton Place to Lyons Avenue with asphaltic concrete on a six (6) inch concrete foundation;

Paving of Sandford Place from Sandford Avenue to 25 feet west of Ellery Avenue with asphaltic concrete on a six (6) inch concrete foundation;

Paving of Goodwin Avenue from Hawthorne Avenue to Renner Avenue with asphaltic concrete pavement on a six (6) inch concrete foundation;

Paving of Whittier Place from Frelinghuysen Avenue to Dayton Street with asphaltic concrete on a six (6) inch concrete foundation;

Paving of Oakland Terrace from Cameron Road southerly about 926 feet with asphaltic concrete on a six (6) inch concrete foundation;

Paving of Montgomery Avenue from South 20th Street to the Newark-Irvington Line with as-

phalt pavement (2" top-1½" binder) on a six (6) inch concrete foundation;

Paving of Boylan Street from South Orange Avenue to 300 feet South of Abinger Place with asphaltic concrete on a six (6) inch concrete foundation;

Paving of North 10th Street from Bloomfield Avenue to the Newark-Belleville Line with asphaltic concrete on a six (6) inch concrete foundation,

with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of the above streets, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb.

Said improvements to be made as local improvements and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said street, after the making of said improvements, the owner of any and all lands on the line of said proposed improvements are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains

to the curb line in said street for each lot fronting upon said street within thirty days after the passage of an ordinance providing for said improvements. Upon failure of any such owner to make or cause said connections to be made the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said streets for the purposes of these improvements shall be considered a lot. The City Asphalt Plant to be authorized to bid on all the above paving work.

And the Director of the Department of Streets and Public Improvements is hereby directed to give public notice in an authorized daily newspaper, printed and published in the City of Newark, of the intention of the Board of Commissioners to order and cause such improvements to be made, and that all persons whose lands may be affected by such improvements or whom may be interested therein, will be given an opportunity to be heard concerning the same at a meeting of said Board, to be held in its meeting room, City Hall, on April 4th, 1922, at 11:00 o'clock A. Mr. Tallriton, representing the Sons

of Italy, appeared before the Board to urge the appointment of Nicholas Albano as Judge of the 2nd Criminal Court to succeed Judge D'Aloia.

Mayor Breidenbach:—The vacancy does not exist at the present time. Judge D'Aloia has not resigned yet.

Commissioner Gillen:—I would like to have the conference which was held on March 3rd regarding changes in the Center Market received and spread in full upon the minutes of this Board.

Newark, N. J., March 3, 1922.

A conference of the Board of Commissioners was held on the above date, in the Mayor's Office, at 11 o'clock A. M., for the purpose of considering changes in the new Centre Market.

Present:—Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. Worthington, of the firm of Phillips and Worthington, who was called upon by Commissioner Gillen, stated that where borings were made beneath 45 piers it would not be necessary to extend ten, but it would be necessary to extend 35. He stated he could not tell off hand how many piers would be able to withstand the load of the building, and he suggested that this matter be delayed until he was able to make all borings beneath all piers.

The following communication was received and read:

Department of Streets and Public Improvements,

Newark, N. J., March 2nd, 1922.

Mr. James W. Costello,

Chief Engineer, Division of Works,
City Hall, Newark, N. J.

Dear Sir:—

Regarding the extension of footings of the new city market to greater depths as recommended by Phillips & Worthington, engineers, I have made, so far as the time at my disposal would permit, an examination of the reports of the engineers, which covers 39 borings, gone over the plans of the structure and inspected the site of the building, as well as samples of borings taken. There are several types of soils found at different levels, a great many of which are very similar, differing only in the coarseness of the aggregate or the amount of clay present.

"Bullsliver," which is a very fine sand and clay, containing considerable water, has practically no stability and when subjected to pressure and unrestrained laterally is subject to immediate displacement. Where this soil is found it is without question advisable to go below it to a firm strata. Of the 39 borings examined, as contained in the report of borings, I find that only 7 borings show a soft material that could be designated as "bullsliver."

A solid that occurs at most all piers, as shown by borings, is a coarse "sand, gravel and stones (loose)," the same being the designation given to it by the Engineers and it is the first type struck as an original soil, it being a glacial drift, and has a vary-

ing depth, in some cases showing as much as ten feet deep. In places this soil runs to depths of over 20 feet below the street level. This material is loose because it is dry and because the size of its grains do not admit of bonding by the presence of any moisture, or small amount of clay as occurs at some points. This soil when found in layers of sufficient thickness and at suitable depths will withstand considerable pressure without displacement. The Newark Building Code allows a maximum of ten tons per square foot on firm gravel, while the New York Code allows 4 tons per square foot on coarse sand, 6 tons per square foot on gravel, 3 tons per square foot on fine and dry sand and two tons per square foot on wet sand. Other authorities recommends as safe loads, 8 tons per square foot on firm coarse sand and gravel and 4 tons per square foot on dry sand and clay and sand clean and dry.

I cite these figures as an indication that some authorities consider this class of soil as capable of withstanding the loads the market structure will transfer to the footings.

In three cases I find the recommendations to rest the footing on "sand, gravel and stone (loose)," the depths of this soil under the footing being 2 inches, 3 inches and 6 foot 6 inches, while it is recommended in other cases to go through this soil to reach a "fine sand and clay (fair)," a soil which if it becomes wet would be quite unstable. In other cases "fine sand and clay (fair)" is gone through to reach other soils. Also "coarse sand and gravel" is gone through to reach "fine sand and clay (fair)" a fact quite significant.

Phillips & Worthington, I was given to understand were asked to look for a soil suitable to carry a load of 4 tons per square foot. The architects state the total load on the footings to be 705 tons for the interior columns and 435 tons for the exterior columns. The interior footing area is 215 square feet, giving a load per square foot to be sustained of 3.3 tons. The exterior footing area is 132 square feet, giving a load per square foot to be sustained of 3.2 tons.

Some questions are presented for consideration—the loads to be sustained, as given above are 18% less for the interior column footing and 20% less for the exterior column footings than the loads for which Phillips & Worthington were looking for a soil to carry; and inasmuch as the "sand gravel and stones" is loose, it is necessarily subject to appreciable compression and lateral displacement and particularly so at the depths at which these footings will rest?

Also it is worth considering additional spread of footings to decrease the superimposed load per square foot, as an alternative to costly extensions of footings to greater depths.

Phillips & Worthington have without doubt a recognized standing in work of the nature on which they were retained, but the highest authorities are not always right. I would consider it advisable to retain the services of an independent concern as highly skilled on this particular work as the above engineers, for a further report or possible confirma-

tion of the results and recommendations already made.

Respectfully yours,

George M. Andress,
Senior Engineer,
Division of Works.

At the suggestion of Mayor Briedenbach this matter was laid over until Mr. Worthington completes his investigation and report.

Commissioner Gillen:—The next matter is that of a power plant. There is some opposition to this as there is to other additions or changes proposed in the market plans.

I may say that this market plan is a legacy which I received from Commissioner Monahan. When the project was discussed by the preceding Commission, as you know, I opposed the building of the market then and I spoke against it at public gatherings throughout the city. Fate, however, has removed me from the office of Mayor, which I then held, and has placed me in Commissioner Monahan's seat charged with the responsibility of supervising the construction of the new Centre Market.

If I am permitted, I propose to have this market built in the best possible manner and to make it complete. The responsibility for it, however, rests on the shoulders of each Commissioner as much as on mine.

The original estimates made by the architects and engineers as to the cost of building this market amounted to approximately One Million Seven

Hundred Thousand Dollars (\$1,700,000). It was, however, understood and agreed that in the beginning we would not let contracts for certain equipment and certain things about which there was no hurry; for instance, it was decided not to ask for bids for the refrigerating plant, the elevators, market stands and one or two other things that were in the original plans, as these things could be purchased later at a much lower cost. We decided to let contracts for the building, plumbing, heating and electricity, which contracts have been made. It remains, as far as the original plans are concerned, still to advertise for the stands, refrigerating plant, elevators, etc. The engineers estimated that for the contracts which have been let so far the cost would exceed One Million Dollars (\$1,000,000). The bids were much below this estimate, amounting to approximately Seven Hundred and Seventy Thousand Dollars (\$770,000.) The question of a power plant was delayed because of the possibility of the bids running very high and even exceeding the amounts of the estimate.

It is now thought by many that a public comfort station must be put in the basement of the market as the toilet facilities in the present plans are inadequate and that the centre market will not be complete unless we install our own power plant. The opposition to the power plant originated with the Public Service Company, combined with one or two disappointed bidders. All sorts of stories and rumors have been circulated regarding the contract for this building. The Public Service wants to enjoy a monopoly of all electric business and yet it is unable to supply, as was demonstrated during the

war, the full demand in this city for electric power. During the war scores of industries intending to locate in Newark were turned away because they could not get current from the Public Service Corporation with which to operate their plants. The most notable of these was the Muscle Shoals plant on which a hundred million dollars or more was spent. The majority of the Commissioners then decided to have the city build a light and power plant. You know the history of this. The people of Newark voted to build a municipal plant, at the general election. The Public Service crowd got busy and their friends went into court and have succeeded in defeating the will of the people of Newark. This corporation is unable to supply what the people of Newark want and it will not permit the people of Newark to help themselves. The city's growth and progress are in this way hampered beyond description.

The same thing can be said of transportation facilities. The Public Service Corporation is trying to put the busses off the streets and still its system cannot supply fifty per cent. of the street transportation facilities required by the city.

Now we are going to build a new centre market. I propose that a power plant be installed in this market. We have already, in the present contract, contracted for a heating plant which will require a regular force of engineers and firemen to operate. This power plant is merely an elaboration of the present heating plant with some additional equipment, the whole thing costing one hundred and seventeen thousand dollars. We have engaged expert engineers, have gone

thoroughly into the matter and all the figures I have been able to obtain clearly prove that not only would this be the efficient and the proper thing for the city to do, but it would be the most economical. By installing our own plant we can produce the current required at a lower cost than we can purchase it for and we can make enough profit to pay for the plant without creating an additional burden for the taxpayers.

No big private concern today is building any big plant without installing in it a power plant. Nearly all your public buildings, including your schools, have their power plants. Hahne & Company, Bamberger & Company and all such big stores have power plants. Most of the large factories now being constructed have individual power plants. The Prudential Insurance Company, an allied interest of the Public Service Corporation, has its own plant. Would not the Prudential purchase current from its friend the Public Service if things were at all equal? Why should this corporation be permitted to interfere with the business of this city? If we want to put a power plant in this market why should the Public Service crowd be allowed to prevent our installing such a plant?

Commissioner Gillen moved that the city be authorized to proceed with the installation of a power plant for the new centre market.

Commissioner Howe: I heard all kinds of stories about how the contractor made a very low bid and was to be taken care of by deals for extras. The Public Service nor anybody else can dictate to me as to how I should vote. I do not own a share of

Public Service stock at the present time and never did, but in view of the present situation I shall be compelled to vote against this power plant.

Commissioner Raymond:—My reason for voting against the power plant is the same as expressed by Commissioner Howe and I want to keep the cost down. I do not believe the motive would militate against the commissioners opposed to the project.

Mayor Briedenbach:—I will vote against the power plant for the same reason as explained by Commissioners Howe and Raymond. I believe it should have been included in the original plans, if anywhere.

Upon a call of the roll, the motion was declared lost by the following votes:

Yeas: — Commissioners Brennan, Gillen.

Nays:—Commissioners Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen:—Under the present plans the new market building will not have sufficient facilities to accommodate patrons for a public comfort station. It has been suggested that a public comfort station be placed in the new market. It has been estimated that this comfort station will cost \$117,000.

Dr. Craster urged the Board to approve the public comfort station on the ground that it was an absolute necessity from a health standpoint.

Commissioner Raymond moved that

we disapprove of a public comfort station in the centre market. The motion was adopted.

Commissioner Gillen:—At this time I would like to bring up the question of compensation for appraisers, men who made appraisals of the buildings before they were purchased by the city. Daniel W. McGee and John Enstice sent in bills for \$13,234.48 each and Mr. King sent in a bill for something like seven thousand dollars. I would suggest that these bills be not paid because, in my judgment, they are exorbitant and excessive and because there is some doubt in my mind as to the validity of the original proposition to engage them. I would suggest that I be authorized to settle with McGee and Enstice for \$2,500 each and with Mr. King for \$1,500.

Commissioner Raymond moved that Commissioner Gillen be authorized to settle with John Enstice and Daniel W. McGee on the basis of \$2,500 each and for \$1,500 with Mr. King. The motion was adopted.

Re: Centre Market and automobile parking station.

Honorable Commissioners of
The City of Newark.

Gentlemen:—

Your attention may have been

drawn to certain newspaper articles of recent date stating that due to defective plans a great many changes would have to be made; one item specifically mentioned being that the second story was too low.

The same newspaper article states that this and other suggestions come from the contractor. We therefore feel in all fairness and justice to your Honorable Body and ourselves that is an opportune time to acquaint your Honorable Body with the fact that several requests heretofore made upon us by the contractor for changes and substitutions have been rejected by us.

One of them in particular was a request to make the second story of less height, giving his reason that he would be able to re-use the T-jacks from basement, in the second story, without making changes to same. According to newspaper reports the contractor is now desirous of having the second floor heightened instead of lowered.

We would call your attention to the fact that we, accompanied by several City Commissioners and two Centre Market merchants, selected by the Centre Market Association, visited the west side market in Cleveland, Ohio, which is accepted to be the best type of market in the U. S., the East Side Market at Cleveland, the principal market in Pittsburg, Pa., and the markets of both Baltimore and Washington before planning the new market, and we believe that we have not only adopted the best features of the markets and automobile parking stations that we visited, but have endeavored to make the Newark Mark-

et and parking station far superior to the others.

Respectfully yours,

George B. Hooper,
Frank Grad.

On motion of Commissioner Raymond the communication was ordered spread upon the minutes of the conference. The motion was adopted.

Newark, N. J., March 3, 1922.

Hon. Charles P. Gillen,
Director of Parks and Public
Property,

Newark, N. J.

Dear Sir:—Re: Comfort Station.

In making the preliminary drawings for this building a comfort station was being thought of and considered, but after considerable discussion and study with the former Commissioner John F. Monahan before the actual preparation of working drawings, it was definitely decided to dispense with same on account of the high cost of building construction and the indefinite purchase price of the land for the market site, and while we believe that a comfort station would be desirable in the new market on account of the great traffic in the center of the city, we, however, believe that this should be decided by yourself and your honorable colleagues.

Re: Power Plant.

In the matter of a power plant, this item was originally discussed and taken into consideration and was dispensed with for the same reason as the comfort station.

We believe, and it is true, that the installation of a power plant would make this a more complete building, but it is also up to yourself and your honorable colleagues to decide upon that question.

Re: Inside Floor Construction.

With respect to the proposed change in the floor construction, we beg to refer to our communication of January 24th, wherein we inclosed the contractors' request for the proposed change and the expert engineering report, and while we might have considered such change on the strength of the recommendation of the expert, primarily due to the elimination of using 52 ft. long bars which would have to be laid in the winter weather, which is the chief reason in the contractor's request. We now think that too much time has been lost since January 9th, and as the spring is already approaching we can find no just reason for recommending any change in the construction, as we firmly believe that our plans call for the very best construction and therefore do not recomemnd any changes at this time.

Respectfully yours,
George B. Hooper,
Frank Grad.

On motion of Commissioner Raymond the communication was ordered spread in full upon the minutes of the conference.

ADJOURNMENT.

Commissioner Gillen offered the following resolution:

WHEREAS, application has been made by the Director of Parks and Public Property to the Essex County Park Commission for permission to permit the encroachment of the Clifton Avenue and bath building for walk and vestibule, using a space twelve feet wide and one hundred feet long for said purposes:

WHEREAS, the Essex County Park Commission is willing to comply with said request upon the condition that the City of Newark shall waive all claims to an adverse possession of the property of the Essex County Park Commission by reason of the use of same in connection with the Clifton Avenue bath building as aforesaid and that the Essex County Park Commission shall have the right to use said walk as a public entrance to said park and the further condition that a screen or fence shall be erected by the Park Commissioners at the cost of the City of Newark on the rear line of the City property if and when the same is necessary in the judgment of the Park Commission and the further condition that the grounds so occupied by the City property shall be kept in a clean condition;

THEREFORE, BE IT RESOLVED, That upon the granting by the Essex County Park Commission of a permit to the City of Newark permitting the encroachment of said Clifton Avenue bath building for a walk and vestibule as aforesaid, the City of Newark will waive all claim to adverse possession of the property of the Essex County

Park Commission so occupied upon the following conditions, namely:

That the Essex County Park Commission shall have the right to use said walk as a public entrance to said park,

That a screen or fence on the rear line of the City property shall be erected by the Park Commission at the cost of the City of Newark if and when in the judgment of the Park Commission the same is deemed to be necessary,

That the grounds shall be kept in a clean condition by the City of Newark; and

THEREFORE, BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby directed to forward a certified copy of this resolution to the Essex County Park Commission.

Charles P. Gillen,
John Howe,
W. J. Brennan,
Thomas L. Raymond.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen:—The work on the foundation for the centre market has been stopped because of the delay in getting the report from Mr. Worthington. So far it seems he has made a test of about 75% of the borings. If you will remember, this matter was laid over at the confer-

ence held on March 3rd until Mr. Worthington completed his investigation. At a conference held today we decided to recommend that where the borings have been made that we proceed with this work at once. The matter of unit price will be determined by the architects and the question of compensation that the contractor may be entitled to receive can be determined later.

Commissioner Raymond moved that the Director of Parks and Public Property be authorized to proceed with the foundation work at the new centre market in accordance with his recommendation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen:—I want to report that the Law Department won a very important case yesterday against the Borden Milk Company, and I want to congratulate the Law Department upon the able and efficient manner in which the case was handled. Incidentally, the city saved \$1,436.70 which this octopus milk arrangement might have gobbled up.

Commissioner Gillen:—I want to bring up the question of annual reports. It is mandatory that these reports be printed and bound by April 1st. So far the only reports I have received are from my own department.

Commissioner Brennan moved to adjourn.

March 21, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Absent:—Commissioner Raymond.

The minutes of meeting of March 14th were read and approved.

The following reports of the Commissioners of Assessments for Local Improvements were received and ordered filed:

Paving of Oraton Street from Chester Avenue to Hinsdale Place;

Paving of Ridgewood Avenue from Marie Place southerly about 159.47 feet to its terminus;

Paving of South Twentieth Street from South Orange Avenue to the East Orange Line;

Rev. Father Michael P. Corcoran, representing St. Aloysius Day Nursery appeared before the Board and requested an appropriation to this institution in order that it may carry on its work, stating that the late Mayor Archibald had promised to provide an appropriation for this institution.

Corporation Counsel Congleton:—I understand there was no appropriation made in the budget, and Mr. Brady tells me there is no fund out of which to make such an appropriation. Such an appropriation would have to be provided in the tax ordinance. There is no general fund out of which appropriations of this kind could be made.

Rev. Father Corcoran:—Is there no such thing as an emergency fund?

Corporation Counsel Congleton:—Not for a thing of this kind. The law specifically provides the things for which we can issue emergency notes.

Mr. William J. Fitzsimmons, 90 Beaumont Place, appeared before the Board and objected to the establishment of a cemetery in the vicinity of Grain and Twentieth Streets.

Mr. William J. Fitzsimmons, 90 Beaumont Place, appeared before the Board and objected to the establishment of a cemetery in the vicinity of Grain and Twentieth Streets.

Commissioner Brennan moved that

a public hearing be held on the matter next Tuesday, at 11 a. m.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. Eugene H. Meyer, representing the National Drug Company and George Penek, lessees on Centre Market Place and Broad Street, appeared before the Board and stated some weeks ago his clients appeared before the Board and objected to the issuance of permits for market stands on South Canal Street to the detriment of his clients and urged that something be done to remedy this situation.

Corporation Counsel Congleton stated this matter was referred to his department and that it was necessary to make an investigation to find out just where the street lines are and that the Engineering Department were working on the matter and he expected to have a report ready in the near future.

Mr. Spaulding Fraser, 763 Broad Street: I have been requested to appear here on behalf of John Enstice and Daniel J. McGee in reference to the Commissions for the appraisal of the buildings on the site of the new Centre Market. Mr. Fraser stated that Mr. Enstice and Mr. McGee submitted bills based on the percentage of valuation of properties, a percentage which is considered a reasonable figure and that his clients felt their bills were just and reasonable, and that the suggested settlement by Commissioner Gillen of \$2,500. each

was less than the actual expense to them.

Mr. Wm. K. Flanagan, 790 Broad Street, also appeared in behalf of Daniel W. McGee and concurred in the argument of Mr. Fraser.

Commissioner Brennan moved that the matter be referred to the Director of Parks and Public Property.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Mr. George W. Wolfson appeared before the Board and presented the following petition:

To The City Commissioners of
The City of Newark.

We, the colored citizens of Newark, do petition you in behalf of the 17,000 colored citizens of Newark, to appoint Counsellor George Douglass to fill the vacancy of Police Judge of the Second Precinct to take effect April 1st, 1922.

In offering the name of Counselor George Douglass, we are offering a man who has had more than a score of years success in the legal profession in our City and State. The quality of his character is above reproach. His intellectual attainments compare most favorably with the other members practising at the bar. His wide experience makes Mr. Douglass particularly fitted for the appointment.

His past support of all measures which have tended towards civic prog-

ress recommends itself as one of his outstanding characteristics as a citizen of the highest type.

City of Newark, has within its borders a group of people numbering nearly 20,000. From this group Counsellor Douglass has been selected as being the ideal man for any honors which should come to them through the holding of a position in the great municipality of Newark.

We, therefore, present the name of Hon. George Douglass, not as the representative only of this group, but as a representative of good citizens.

Respectfully submitted.

Yeas: — Commissioners Brennan, Gillen, Howe, Mayor Breidenbach.

Corporation Counsel Congleton:— Mr. Mayor and Commissioners. The Sinking Fund Commissioners held \$400,000. worth of Alms House Bonds issued back in 1915; \$500,000. School Bonds issued in 1914, and \$150,000. New City Stable Bonds issued in 1914. In order to have sufficient funds on hand to meet \$6,000,000. of Water Bonds maturing in May, it was necessary for them to sell some of these securities. These particular bonds were sold direct by the City to the Sinking Fund Commission in one or two bonds of one, two or three hundred thousand dollars denomination. The parties who are purchasing them desire to have the bonds changed to denominations of \$1,000. each. They are paying the expense of printing the bonds and the legal opinions of the New York bond attorneys, and I present these resolutions and ask their adoption in order to permit the Sinking Fund Commission to get funds to meet these bonds.

Commissioner Howe offered the following resolutions:

WHEREAS, There are now outstanding \$400,000. Almshouse Bonds of the City of Newark, dated September 15, 1915, maturing September 15, 1945, and consisting of three registered bonds, numbered from 1 to 3, inclusive, issued pursuant to an act

of the Legislature of New Jersey entitled "An Act to enable any City in this State to buy land and build a new almshouse and furnish saem and also to sell land and buildings now used for such purpose," approved April 9, 1910, and the act amendatory thereto known as Chapter 6 of the Laws of 1914, approved March 6, 1914, and pursuant to a resolution of the Common Council of said City adopted September 17, 1915, and approved by the Mayor September 20, 1915; and

WHEREAS, The holder of said bonds desires to exchange said bonds for new registered bonds of the denomination of \$1,000. each,

NOW, THEREFORE,

BE IT RESOLVED by the Board of Commissioners of the City of Newark, as follows:

Section 1. Pursuant to the provisions of an Act of the Legislature of New Jersey entitled "An Act to authorize cities to exchange registered for coupon or registered bonds," approved February 5, 1881, there shall be issued in exchange for said outstanding \$400,000. Almshouse Bonds new registered bonds of like principal amount, payable at the same time and bearing the same rate of interest as said outstanding bonds, consisting of four hundred bonds, numbered from 1 to 400, inclusive, of the denomination of \$1,000. each, and dated March 1, 1922.

Section 2. Said new bonds shall be in substantially the following form:

No. United States of America No.
State of New Jersey
City of Newark

\$1,000. Alms House Bond \$1,000.

BE IT KNOWN that by virtue of an Act of the Legislature of the State of New Jersey entitled "An Act to enable any City in this State to buy land and build a new almshouse and furnish same and also to sell land and buildings now used for such purpose," approved April 9th, 1910, and the act amendatory thereto known as Chapter 6 of the Laws of 1914, approved March 6th, 1914, and of a resolution of the Common Council of said City adopted September 17th, 1915, and approved by the Mayor September 20th, 1915, the City of Newark, New Jersey, acknowledges itself to owe and hereby promises to pay to the registered holder hereof the sum of

One Thousand Dollars (\$1,000)
lawful money of the United States of American upon the surrender of this bond at the office of the Commissioners of the Sinking Fund of the City of Newark, New Jersey, on the 15th day of September, 1945, with interest thereon at the rate of four and one-half per cent per annum, payable semi-annually on the 15th days of March and September of each and every year until the payment of said principal sum.

This bond is authorized to be issued by the above mentioned acts and resolution, and for the payment of said bond the whole credit and property of said City of Newark are hereby pledged.

This bond shall be registered on the books of the Comptroller of said City of Newark and thereafter shall be and continue transferrable on the books of the said Comptroller by the registered owner hereof in person or by Attorney duly authorized, which registry shall be in like manner endorsed hereon by the said Comptroller.

It is hereby certified that this bond is issued in full compliance with the statutes of this State and that all the requirements of the law have been complied with.

This bond is one of an issue of bonds issued pursuant to an Act of the Legislature of the State of New Jersey entitled "An Act to authorize Cities to exchange registered for coupon or registered bonds," approved February 5, 1881, in exchange for original bonds, dated September 15, 1915, in the amount of \$400,000. numbered from 1 to 3, inclusive, payable

City Clerk.

NEWARK, N. J.

March 28th, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, N. J., at 11 A. M.

Present:—Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of March 21st were read and approved.

The report of the Commissioners of Assessments for Local Improvements assessing benefits for the repaving of Fulton Street from Broad Street to Ogden Street was received and ordered filed.

Mr. Louis Lesser, 9 Clinton Street, Newark, representing the Israel K. U. V. Cemetery Association, appeared and stated he understood the Board had granted a hearing on the extension of the cemetery on Grain Street, and that he understood there were objections to the proposed extension.

Mrs. Anna Neuhaus, 508 South 16th Street, owner of property on Grain Street objected to the extension of the cemetery on the ground that it would tend to depreciate her property and retard development in this section.

Mr. Frederick Neuhaus, 567 South Orange Avenue, objected to the extension of the cemetery, stating there were too many cemeteries in the Vailsburgh section at the present time and that he felt no new appli-

cations for cemeteries should be granted and no further extension of those already in existence permitted. Mr. Neuhaus further stated that the property owners were deceived in selling their property and at the time the lots were sold it was understood that bungalows were to be erected.

Mr. Lesser stated he did not feel that the extension of the cemetery would tend to depreciate the property but to the contrary felt it would tend to increase it.

Commissioner Raymond:—The general principle of a cemetery in a residential section is a bad one. It strikes me that the objection is reasonable.

Mayor Breidenbach:—I feel that I will have to oppose this addition to the cemetery on the ground that I feel satisfied that the City is getting so crowded we have got to have the ground to build on.

Mayor Breidenbach moved that the application for the extension of the Israel K. U. V. cemetery be rejected.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Rev. F. R. Fenn, 483 Ferry Street, appeared before the Board in reference to a traffic condition existing on Ferry Street from the Fleming Avenue-Market Street junction to the Fleming Avenue-Ferry Street junction, stating that the diversion of

heavy traffic over Ferry Street was an unjust hardship on the residents of that street and that the street was not properly paved to carry this burden and presented the following petition:

Newark, N. J.,
January 29, 1921.

Honorable William Brennan,
Commissioner of Public Safety,
City of Newark, New Jersey.

We, the undersigned residents and property owners of the district of, and adjacent to East Ferry Street, between the Market-Fleming Junction and the Fleming-Ferry Junction, herewith make formal protest against the intolerable traffic conditions existing under the present traffic regulations governing this district.

In view of the heavy traffic,

In view of the poor condition of the pavement on Ferry Street as compared to Fleming Avenue,

In view of the fact that this traffic is directed past two inadequately protected public schools, the undersigned are unable to understand why Fleming Avenue during the heavy traffic hours of the day, is permitted to be a boulevard, when it is paved for heavy traffic; and Ferry Street is forced to receive the heavy traffic with its pavement in such deplorable condition.

We desire a voice in these things.

(Signed by Forty-one protestors.)

Commissioner Gillen moved that the matter be referred to Director Brennan.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. August C. Birkenmeier, 525 Clinton Avenue, appeared before the Board and urged the establishment of a branch library in the Clinton Hill section.

Mr. Robert W. Bennett of the Roseville Citizen, urged the establishment of a branch library in the Clinton Hill section.

Mr. Frederick Neuhaus, 567 South Orange Avenue, urged the establishment of a branch library in the Vailsburgh section.

Mayor Breidenbach stated that the matter of branch libraries had been left entirely with the Board of Library Trustees, but that they had not yet made any recommendations to this Board.

Commissioner Raymond moved that the Library Trustees be requested to meet with this Board and go over the question of branch libraries and that Mr. Birkenmeier and other interested parties be notified of the meeting so that they may be present and present their arguments for branch libraries in the various sections.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mr. William J. Morgan, 13 Voorhees Street, representing the Federation of Improvement Associations requested that no action be taken with respect to the contemplated changes in the administration of the City Hospital until a Committee of his organization had had time to investigate conditions at the Hospital, stating this Committee would make an independent investigation and have its report ready within two weeks.

Mayor Breidenbach:—I might say I am ready this morning to put in a resolution to appoint Dr. Sutphen temporarily in charge of the City Hospital. I think this is really needed. I will be glad to meet your Committee any time to discuss the matter.

Dr. William G. Hanrahan, 36-A Fulton Street, stated he understood under the proposed change in the City Hospital administration there was to be a Supervisor of Health, and stated the present Health Officer was one of the most efficient men in the United States and to place anyone over him would be a step backward and that he hoped if Dr. Sutphen was to be put at the head of the Hospital that it would not interfere with the efficient work that Dr. Craster has been doing in guarding the lives and health of the people of Newark.

Mayor Breidenbach:—I have not attempted to create a furor. The papers had it that I was ready to create

a furor. I have not made up my mind yet and I will not enter into a discussion of that at the present time.

Dr. Hanrahan also brought up the matter of the proposed County Vocational School to be erected at an estimated cost of \$380,000. and urged the Board to pass a resolution calling upon the Board of Freeholders to grant another hearing at which interested civic organizations and citizens may be heard.

Commissioner Raymond moved that this Commission request the Board of Chosen Freeholders to give another public hearing at an early date on the matter of this bond issue for the County Vocational School to be erected in Bloomfield so that all citizens may be given an opportunity to be heard on the matter and that a copy of this motion be sent to the Board of Chosen Freeholders and that the Board of Chosen Freeholders request the entire Board of School Estimate for County Vocational School purposes to be present at the public hearing.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor

Mr. F. W. Moore, 258 Mr. Pleasant Avenue, appeared before the Board and stated he noticed in the press that \$200,000 had been appropriated for a Museum Building on Washington Street and stated he felt the Memorial site on South Broad Street afforded far better advantages

for Museum purposes and urged that consideration be given to this site.

Commissioner Raymond stated he felt in deference to the views expressed by Mr. Moore that the site proposed would be far better than in a park, that it was centrally located and could be easily reached and that it was in a group with the Library.

Mr. Moore also stated he felt there should be a Committee of public spirited citizens appointed to examine every set of plans for new buildings before they go to the Building Department to see that they are suitable for the place in which they are to be placed, and called attention to the buildings recently erected at Centre Street and Saybrook Place and the Loew Theatre, which he stated were eye-sores.

Commissioner Raymond offered the following resolution:

RESOLVED, That the report of the Commissioners of Assessments for Local Improvements of the City of Newark, awarding damages sustained and assessing benefits conferred by the opening of Hobson Street 50 feet wide from Shaw Avenue about 100.43 feet southwesterly to a property line, which said report is hereto annexed, be and the same is hereby in all things adopted, ratified and confirmed, and

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby authorized and directed to file a duplicate of said report in the Office of the Comptroller of the said City of Newark upon its confirmation.

An ordinance authorizing the issuance of \$1,000,000 Port Newark Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That pursuant to the Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or

any municipality governed by an improvement commission," approved March 22, 1916 (constituting Chapter 252 of the Laws of 1916), and the acts amendatory thereof and supplemental thereto, bonds of The City of Newark, to be known as "Port Newark Improvement Bonds," are hereby authorized to be issued in the aggregate principal amount of One Million Dollars (\$1,000,000) for the purposes hereinafter stated, for which it is necessary to raise said amount of money.

2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the following described improvements to be made by The City of Newark, pursuant to authority conferred by Section 13 of Article XXVIII of Chapter 152 of the Laws of 1917, and Subdivision (J) of Section 1 of Article XX of said statute, and other statutes of the State of New Jersey, no part of the cost of which improvements has been or is to be specially assessed against property specially benefited, viz.:

(a) The making and construction of a channel or channels in navigable waters upon which front the lands heretofore acquired by The City of Newark pursuant to Chapter 272 of the Laws of 1907, and other statutes, for the purpose of constructing and establishing docks and shipping facilities (which lands and the improvements thereon are commonly known as "Port Newark Terminal");

(b) The filling in of said lands; and

(c) The construction of bulkheads and docks on said lands and in the water adjacent thereto.

(d) The acquisition of additional lands for wharves, piers, docks, slips and basins, and for the purpose of connecting docks with highways and railroads within the city and with other public docks of the city.

3. The following matters are hereby determined and declared pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended;

(a) The probable period of usefulness of each of the improvements for which bonds are hereby authorized to be issued, computed from the date of said bonds and within the limits prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years. Said improvements are all of the class described in Subdivision (U) of Subsection (2) of said Section 4, and none of them has yet been completed.

(b) The average assessed valuation of the taxable real property (including improvements) of The City of Newark, computed upon the next preceding three valuations thereof in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$424,235,806.

(c) The net debt of said City, computed in the manner provided in Section 12, is \$19,487,517.24.

(d) The statement required by said Section 12 (showing said net debt, etc.) has been made and filed

with the City Clerk, as required by said Act.

Less unexpended balance
from other accounts to be
applied to the foregoing
purposes 346,000

Balance necessary to be
raised\$500,000

NOW, THEREFORE, THE BOARD
OF COMMISSIONERS OF THE
CITY OF NEWARK, DO ORDAN: I

Section 1. That Pursuant to the
Act of the Legislature of the State
of New Jersey entitled: "An Act to
establish a thorough and efficient
system of free public schools and to
provide for the maintenance, support
and management thereof, approved
October 19, 1903, and the acts amen-
datory thereof and supplemental
thereto the said sum of Five Hundred
Thousand Dollars (\$500,000) fixed
and determined to be necessary as
aforesaid, is hereby appropriated to
the Board of Education of the City
of Newark in the County of Essex,
for the purposes set forth in the pre-
amble of this ordinance.

Section 2. For the purpose of
raising the amount hereby appropri-
ated there shall be issued bonds of
The City of Newark to be known and
designated as "School Bonds," in the
aggregate principal amount of Five
Hundred Thousand Dollars (\$500,-
000), pursuant to Section 76 of the
act aforesaid. The proceeds of said

bonds shall be used for any or all
of the purposes aforesaid. It is here-
by determined that all of the pur-
poses for which money is hereby ap-
propriated are of the classes de-
scribed in clauses (b) or (c) of sub-
division (C) of Subsection (3) of
Section 76 of the Act aforesaid, as
amended, for which bonds maturing
within a period of twenty years may
be issued. The said bonds shall be
five hundred in number, numbered
from 1 to 500, inclusive, and of the
denomination of \$1,000. each. They
shall be dated April 15, 1922, shall
bear interest from their date at the
rate of four and one-half per centum
(4½%) per annum, payable semi-
annually, on the 15th day of April
and October in each year, until ma-
turity, and shall mature in order as
numbered (beginning with Bond No.
1) and in twenty annual installments
or series, payable on the 15th day of
April in each year as follows, viz.:
\$25,000 of bonds in each of the years
1923 to 1942, inclusive. The said
bonds shall be coupon bonds, regis-
terable at the option of the holder as
to principal alone or as to both prin-
cipal and interest. They shall be
signed by the Mayor and counter-
signed by the Director of the Depart-
ment of Revenue and Finance of The
City of Newark, and the corporate
seal of said City shall be affixed
thereto or impressed thereon, and at-
tested by the City Clerk; and the cou-
pons to be attached to said bonds
shall bear the fac-simile signature of
the Director of the Department of
Revenue and Finance. The said
bonds shall be issued in substantially
such form as the Board of Commis-
sioners may by resolution adopt. The
principal and interest of said bonds
shall be payable in gold coin of the
United States of America of or equal

to the standard of weight and fineness existing on April 15, 1922, at the National State Bank of the City of Newark.

Commissioner Raymond: Mr. Mayor, we are honored today in having with us Commissioner Sieper, of Passaic, and I move that we extend the courtesy of the floor to the commissioner.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Sieper: Mr. Mayor and Commissioners, I have taken great pleasure in observing the way you conduct your work. Some time ago your City Clerk asked me if we had the same gatherings in Passaic that you have here. We are not bothered by citizens on various matters as I notice the protests you have heard this morning. We give them an opportunity to be heard at a public hearing, but not at the meeting of the Commissioners. We feel our work far more important. Ordinances are advertised and protests filed by petition, and I want to say again I think you conduct your work very well.

A communication from Judge MacMahon recommending salary increases for the Clerk and Assistant Clerk of the First District Court was on motion of Commissioner Raymond ordered referred to the Director of Revenue and Finance.

A communication from Frank B. Bozza urging the appointment of an American of Italian extraction to the Judgeship of the Second Criminal Court was on motion of Commissioner Gillen ordered filed.

A communication from the Building Trades Council, suggesting that the material used in the construction of public works be purchased from local manufacturers who are well equipped with modern machinery and are well able to take care of the finishing of any and all raw material used in every department of municipal work, was on motion of Commissioner Gillen ordered referred to the Law Department.

A communication from Elizabeth D. Kinsey, Secretary of the Academic Council, requesting the Commission

to remedy the noisy pavement and noisy street conditions now existing in the neighborhood of many of the public schools, was on motion of Commissioner Gillen ordered referred to the Director of Streets and Public Improvements.

A communication from the Passaic Valley Sewerage Commissioners re: public notice that the discharge of sewage and other polluting matter into the waters of the Passaic River, at any point between the Great Falls, at the City of Paterson, and Newark Bay, and into the tributaries of said river emptying therein between said points, is prohibited and must cease and be discontinued after December 31st, 1923, was on motion of Commissioner Gillen ordered referred to the Director of Streets and Public Improvements.

Newark, N. J., March 27, 1922.

To the Mayor and City Commissioners of the City of Newark.

Gentlemen:

The undersigned hereby tenders his resignation as Judge of the Second Criminal Court of the City of Newark, to take effect April 1st, 1922, at which time he will assume the duties of First Assistant Prosecutor of the County of Essex.

Respectfully yours,

J. Victor D'Aloia.

Commissioner Brennan moved that the resignation be received and filed and that a vote of thanks be extended to Judge D'Aloia for the efficient manner in which he performed his work while performing the duties of Police Court Judge.

Commissioner Gillen. In seconding that motion, I wish to compliment Judge D'Aloia on the excellent manner in which he presided as Judge of the City of Newark for the last four or five years. He has been criticised by irresponsible persons, but I think the records will show that his work was conducted in a very able, dignified and very proper and efficient manner and that the ends of justice fully served, and that criminals who should have been punished were at all times punished and I think Judge D'Aloia is entitled to the compliments and thanks of this Commission for his work while judge of the Police Court.

The several amounts necessary to be raised by the sale of said seven bond issues (exclusive of the amount: of any interest accrued on the bonds), respectively, are the maximum authorized amounts of said issues, respectively, as stated above; and no more bonds of any issue will be sold than will produce the amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and an additional sum of less than \$1,000 for such issues. If less than the maximum authorized amount of any issue is sold, the unsold bonds of that issue will be those last maturing. The bonds of each issue will, unless all bids therefor are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and to take therefor the least amount of bonds of such issue, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds of the same issue, then the bonds of that issue will be sold to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery.

The right is reserved to reject any or all bids.

Any bidder may condition his bid on the award to him of two or more of said issues, but in that case if there is a more favorable bidder for any one of the issues for which he bids, his bid will be rejected.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per cent (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of the City of Newark," to secure the City against any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Dougherty & Hoyt, of New York City, that the bonds are valid and binding obligations of The City of Newark.

By order of the Board of Commissioners of The City of Newark.
Dated, March 28, 1922.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen: I have a communication here from the Architects on the extension of piers of the new market and fixing the unit compensation in accordance with the power that was given to me.

GEORGE B. HOOPER & FRANK
GRAD,

ASSOCIATE ARCHITECTS

March 23, 1922.

Hon. Charles P. Gillen,
Director of Parks and Public
Property,
Newark, N. J.

Dear Sir:—

In accordance with your instructions of the fourteenth inst., we beg to submit that in order to facilitate matters while the plans for the additional footings are being prepared for the increased depth to a safe bottom, as recommended by the firm of Phillips & Worthington, we have checked up the unit price for this work and wish to state that in order to determine the total cost of this additional work, we will make continuous inspection, measuring of quantities, of excavation, sheath-piling, concrete work, etc., as the work progresses, and will determine the total cost at its completion.

For your further information we also beg to state that where unit

prices for extra depth are not given by the Contractor in his schedule, (by reason of such work not being contemplated originally) we have asked two of the most reputable contractors who are not connected with this project to assist us in making the unit prices for all work on a competitive basis, the figures of both are higher than those of the contractor and therefore the contractor's unit's meet with our approval.

Very truly yours,

George B. Hooper & Frank Grad,
Associate Architects.

Commissioner Brennan moved that the communication be received and filed.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond offered the following resolution:

RESOLVED: By the Board of Commissioners of the City of Newark that John F. Murray, Junior, be and he is hereby appointed Judge of the Second Criminal Court of the City of Newark, N. J., pursuant to the authority vested by law in this Board, at an annual compensation of Four Thousand Dollars (\$4,000.), payable in equal semi-monthly instalments; said appointment to take effect April 1, 1922; and the City Clerk be and he is hereby directed to place his name upon the pay-roll.

Thomas L. Raymond,
John Howe,
F. C. Breidenbach,
W. J. Brennan,
Charles P. Gillen.

Commissioner Brennan:—I would like to present the name of another prominent Attorney for the office of Judge of the Second Criminal Court, and with all due respect to Mr. Murray; I am satisfied he is capable of filling this position, but I feel in justice to myself and the Criminal Courts, and inasmuch as this position has been filled by a man of Italian extraction, I want to present the name of a man who has had a number of years experience and of Italian extraction, and I am going to present the name of Anthony J. Fenelli.

Commissioner Gillen: I have a name I would like to present, and while I do not think there is any use there being three names to that resolution, I would like to present the name of another gentleman who I think would make an excellent Judge. I have every high respect and regard for Mr. Murray who has been nominated in this resolution. I believe he will make an excellent Judge from every sense. He is very just and a very bright citizen, but it does seem to me inasmuch as the Judge who has just resigned was of Italian-American extraction, that that position in a sense belongs to that race. While, of course, we are not bound to appoint a Judge of any particular race, still there is in this great cosmopolitan city, citizens composed of a great many races, and among these racial groups there is none stronger than the Italian. The Italians very justly feel that according to political ap-

pointments they have not received their just share of public positions, and in order to keep them happy and contented, I think each racial group should be recognized in these appointments in so far as it is possible to do so. Inasmuch as this position has been held by an Italian-American with credit, distinction and honor, I feel he should have in his place one of his own race, and we should appoint another Italian-American. I would like to nominate a young lawyer in this city who is well known and highly respected and recognized for his integrity and ability, and I offer the name of Nicholas L. Albano.

Upon a call of the roll on the resolution nominating Mr. Murray, the Commissioners voted as follows:

Commissioner Brennan: Not voting.

Commissioner Gillen: No.

Yeas:—Commissioners Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen moved that the election of Mr. Murray be made unanimous. Motion seconded by Commissioner Brennan.

The roll being called, the motion and resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen: I want to bring to your attention a personal matter:

An editorial in the Sunday Call deliberately, maliciously and falsely stated that the Newark City Hospital was in bad shape while I was Mayor. The Sunday Call has not hesitated to make false statements regarding my acts as a public official. Some persons are fooled by these false statements.

When I took charge of the City Hospital in 1917, it was a third rate Hospital. In the third year of my administration in 1920, the American College of Surgeons gave the City Hospital "Class A" rating, the highest rating a Hospital can receive. When I took charge, there were numerous complaints daily. Within two years there were very few complaints and at the end of my terms as Mayor there was not more than one complaint a month.

Nearly every person appointed to an important position, while I had charge, was selected by the Medical Staff, the Superintendent or the head of the Nurses Training School. These appointments were mostly of a technical nature and I kept politics out of them as much as possible. I make this statement, which I wish incorporated in the minutes, to keep the records straight and because I took great pride in the City Hospital and devoted a lot of time and thought to its welfare. I found a conflict between the Superintendent and the Medical Staff which I settled by giving the Medical Staff complete responsibility and power in the medical care of patients and by giving the Superintendent complete control over the business end of the institution. I was, however, the responsible head of the Hospital under the law, which responsibility I could not delegate and

did not try to delegate. In the case of dispute between the Superintendent and the Medical Staff, the matter was referred to me and usually settled satisfactorily.

The following letters from doctors of the Medical Staff give ample evidence of the efficient administration of the Hospital affairs while I was Mayor:

"H. J. F. Wallhauser, M. D.,
Forty-Seven New Street.

Newark, N. J., March 25, 1922.

Hon. Charles P. Gillen,
Department of Parks and Public
Property,
City of Newark, New Jersey.

My dear Mr. Gillen:—

In reply to your letter of March 23rd, I would say that during your administration as Mayor, every effort was made to coordinate and perfect the various activities of the Newark City Hospital, and that the relationships of the Executive Committee of the Hospital with you were always most cordial. The Hospital in consequence was designated as belonging to "Class A" of the American College of Surgeons, and was the first hospital in the city to receive this honor. In this class it has since remained.

I take this opportunity of adding my personal appreciation of your sincerity of purpose in administering to the needy of our city.

Sincerely yours,

H. J. F. Wallhauser."

"Hugh F. Cook, M. D.
Aldine Building
2 Lombardy Street, cor. Broad St.
Newark, N. J.

March 25, 1922.

Hon. Chas. P. Gillen,

Dear Commissioner:

Your letter recieved, and it gives me much pleasure to express myself about the efficiency of the Newark City Hospital during your administration.

The improvement in every way was most noticeable, and the various Committees reported at the meetings on several occasions, that Mayor Gillen wanted the Newark City Hospital to rank with the best in the country.

Prior to your administration it was difficult to get instruments and various apparatus for the care of the patients, but your hearty co-operation with the staff gave to the institution every facility to do good work.

Sincerely yours,

Hugh F. Cook."

Newark City Hospital,
Pathological Department,
Newark, New Jersey.

March 27, 1922.

Charles P. Gillen, Director,
Department of Parks and Public
Property,

City Hall, Newark, N. J.

My dear Mr. Gillen:

In reply to your letter of the 23rd inst., asking me for my opinion on the conduct of the City Hospital affairs and of the general conditions prevailing while you were Mayor I would state that I have been connected rather closely with the development of the institution during the past twelve years, during which time I have noted a gradual, slow but very definite improvement in the whole hospital. This has taken place through successive administrations.

At times there have been and still are spasmodic periods when improvements in personnel and equipment have been more rapid.

Such a period undoubtedly took place during your administration when by a lot of good work you placed the institution in such shape that it was recognized by the American College of Surgeons as a "Class A" hospital. I think the people of Newark should be proud of that accomplishment.

I believe that a very distinct advance would have been also made under Mayor Archibald's administration if he had lived and I feel quite sure that the present administration aims to make the City Hospital a modern, scientific institution for the care of the sick.

I am,

Yours very truly,

Harrison S. Martland.

"H. B. Epstein, M. D.

March 24, 1922.

Hon. Charles P. Gillen,

My dear Mr. Gillen:

In reply to your note, permit me to state that in my service at the City Hospital I have found every detail of the management to my satisfaction and that whatever was needed for the care and comfort of my patients was given.

As to my committee work (diet) I would state that my demands have been granted in keeping with the budget allowed—the food is satisfactory for the patients and that for the internes very materially improved.

Moreover the utensils and necessities for kitchen facilities have been and are coming in—in a satisfactory way.

As to the Medical and Surgical services you have cooperated with the executive committee to my mind, with greatest amount of good for those departments.

Be assured of my best wishes to you.

Sincerely,

Harry B. Epstein, M. D."

Commissioner Gillen:—Now, Mr. Mayor, I do not wish to take up any great amount of time in this connection for the presentation of my case, but this editorial was so bigoted, unwarranted and discourteous, like so many things they said in the Sunday

Call, that I think the records should be kept straight. The Hospital under my administration was not seriously handicapped. In the first year that I took charge the Federal Government took away most of the Nurses and Doctors, and we worked under serious handicaps, due to the war. In the last two years, we got the highest rating possible for a Hospital to get in America and that, of course, contradicts the false statement of the Sunday Call, and it also answers the false statements on the part of outsiders who are always ready to take up the cry of mismanagement of city affairs that you as Mayor may find it necessary to change. If you find it necessary to criticise some of the conditions that is your business and obligation, because the law places that responsibility on your shoulders and you must discharge that responsibility, but immediately unlicensed libertines from the outside undertake to try to make it appear to the world that the whole management of the City Hospital was bad and the people who would try to run the City Hospital affairs, do not know how to run them and this is in answer to these false statements that were published in the Sunday Call and to keep the records straight.

Commissioner Gillen moved that the statement be received and incorporated in the minutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach:—I would like to say I also had an editorial last

Sunday in regard to Mr. Talbot's condition. I want to make the statement that I do not feel that I am the cause of his illness. I found fault with Mr. Talbot because I found conditions unsatisfactory. I have not criticised the Nurses or Medical Staff, or any other Mayor who had charge of the Hospital. I feel as though I owe this responsibility to the people of Newark. This editorial went so far as to say that if Mr. Talbot should die I would be the cause of his death. I am not responsible for his sickness or condition. I am going through with this City Hospital reorganization. I have made improvements within the last month and I am going to reorganize it if it takes a year or three years. At a conference of the heads of departments held at the Hospital yesterday morning, there was not one head of a department who did not admit the conditions as I found them. It was absolutely true that the Hospital was not in the shape that it should have been when I first visited it, and I want it understood by the people of Newark, that I am not the cause of Mr. Talbot's sickness.

Commissioner Gillen:—When I left the Hospital it was in very good condition, which is demonstrated by the ratings it received from the American College of Surgeons. It may have been in the changes that occurred that the management in the last few months did go backward, because I

understand that the rule that I established for a dual control was abolished over to Mr. Talbot, who was not in good health and perhaps as a result of that the Hospital may have deteriorated.

I wish to have it go on record when I left the Hospital as Mayor of the City of Newark, I left it in first class shape, and there is not a physician in the City who will not testify to that fact.

Commissioner Brennan moved to adjourn.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: — Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

APPROVED:

F. C. BREIDENBACH,
THOMAS L. RAYMOND,
W. J. BRENNAN,
CHARLES P. GILLEN,
JOHN HOWE.

The Board of Commissioners
of the City of Newark, N. J.

W. J. EGAN,
City Clerk.
